To the Honorable **Mahmoud Ahmadinejad**,
President of the Islamic Republic of Iran

Dear Mr. President,

The Orthodox Jewish communities of the Holy City of Jerusalem and the other cities of Palestine would like to express their strong disapproval of the conduct of certain Zionists in reaction to your excellent speech at the U.N Conference on Racism in Geneva last month. Those individuals displayed a total lack of basic human respect, and we assure you that their actions do not represent the Torah or the Jewish people. Actually, they represent no one but themselves.

By contrast, the Orthodox Jewish community of Palestine reserves the greatest esteem for Iran, its supreme leader, its president and all its leaders. Iran has distinguished itself with its kindness to its local Jewish communities, as well as respect for Jews throughout the world.

We affirm the Torah principle that Jews must be loyal to the nations among which they live during exile. We continually pray for the well-being of Iran and its leaders.

We fully agree that the Zionist state, established by renegades of Jewish lineage in violation of the Torah, has no right to continue its oppression of the Palestinian people. Furthermore, according to Torah law, Jews are in exile and have no right to maintain a state of their own. We pray for the speedy and peaceful dismantlement of the Zionist state so that all peoples in the region can once again live in peace.

Yours truly,

Neturei Karta, Palestine
